Sprint 4(week 8 - week 9):
- **Scrum Master**: Hasan
- **Tasks**:
- Add markers on campus
- Finish report implementation
- Polish application
- Fix small bugs
- Change slug pictures to PNGs (fix how they look in dark mode)
- Way to differentiate between floors (current idea - floor picker button)
- Have the amount of zoom determine which markers are showing (maybe)
- Additional features (class information)
- Cleaning up the project
- **Roles:**
  - **Jason: PO**
  - **Tim: Dev**
  - **Hasan: SM**
  - **Christian: Dev**
  - **Caden: Dev**
- **Initial task assignments:**:
  - Jason:
    - Implementing the feature of selecting floor numbers for markers when they are first placed on the map
    -
  - Timothy:
    - Change slug pictures to PNGs (fix how they look in dark mode)
    - Have the amount of zoom determine which markers are showing
  - Hasan:
    - Add a floor switch button to the map display
    - Implementing different views of markers based on their floor numbers
  - Caden:
    - Add markers on campus
    - Finish report implementation
  - Christian:
    - Polish application
    - Help add markers to campus
- **Time Estimate: 30 hours total**

Current Scrum board:

To Do	In Progress	Done
Add markers on campus		
	Finish report implementation	
	Change slug pictures to PNGs (fix how they look in dark mode)	
Way to differentiate between floors (current idea - floor picker button)		
Additional features (class information		
Have the amount of zoom determine which markers are showing		
	Fix small bugs	
	Polish application	

- **Schedule of Scrum meetings**
  - **M F at 2:30, through zoom**
